

ISN NICE

INTERNATIONAL SCHOOL

The International School of Nice

The International School of Nice is an accredited, co-educational, non-sectarian, IB World School, providing Anglophone education for the international community in the Cannes-Nice-Monte Carlo region. The school offers a complete international education from Young Explorers (age 3) to Grade 12 (age 18), and currently has around 430 students. ISN Nice is a member of the Globeducate network.

The Primary School follows the IB Primary Years Programme, a rich, inquiry-based approach to learning that focuses on the individual needs of every child. French is mandatory from age 5, and taught on a daily basis.

The Middle School operates as a self-contained unit with its own team of teachers. Skill development is common to all areas and particular attention is given to the student's personal development. An EAL programme parallels mainstream English in the Primary and Middle Schools.

The High School curriculum prepares students for the IGCSE exams and the IB Diploma. Students are guided and supported to reach their potential in a safe and caring environment. A team of highly-qualified and experienced teachers respond to students' diverse learning styles and challenges them through exciting and innovative practices. Over 95% of graduates go directly to college/university, primarily in the UK, France and North America.

The faculty represents over 30 nationalities, and the student body is truly a melting pot, representing over 40 nationalities, with students from Anglophone countries making up ca.20%. This enables cultural awareness and participation in a globalised world for all our students.

ISN offers a number of extra-curricular activities, including a variety of sports, field trips, and a student council. With other Globeducate schools, our students participate in Model United Nations, Academic Olympics, visual art competitions, and initiatives with the WWF, a Globeducate partner. The school occupies a purpose-built facility constructed in 1987 and is located five minutes from Nice International Airport.

ISN prepares its students to excel in the world of tomorrow in an inspiring, supporting and nourishing environment.
